# **STEP 2** Tell us about your family

#### Who do you need to include on this application?

If you file taxes: We need to know about everyone on your tax return.

**If you don't file a tax return**: We need to know about family members who live with you. (You don't need to file taxes to get health coverage).

#### DO Include:

- Yourself
- Your spouse
- Your children under 21 who live with you
- Anyone you include on your tax return, even if they don't live with you
- Anyone else under 21 who you take care of and lives with you

#### You DON'T have to include:

- Your unmarried partner who doesn't need health coverage
- Your unmarried partner's children
- Your parents who live with you, but file their own tax return (if you're over 21)
- Other adult relatives who file their own tax return

The amount of assistance or type of program you qualify for depends on the number of people in your family and their incomes. This information helps us make sure everyone gets the best coverage they can.

**Complete Step 2 for each person in your family.** Start with yourself, then add other adults and children. If you have more than two people in your family, you'll need to make a copy of the pages and attach them. You don't need to provide immigration status or a Social Security number (SSN) for family members who don't need health coverage. We'll keep all the information you provide private and secure as required by law. We'll use personal information only to check if you're eligible for health coverage.
